

# SiteFM™ EVS Manager

Proven, Affordable Solutions for the EVS Professional

## The Opportunity

Today's housekeeping organizations face significant challenges to meet stringent bed-cleaning cycle times and response times. If your facility still struggles with a manual bed-cleaning process, FTG has the perfect solution for you.

SiteFM™ EVS Manager automates bed cleaning and tracking for today's Environmental Services professional - without the cost of a complex hospital tracking system. With low start-up and monthly pricing, plus month-to-month contracts, FTG delivers a low-risk approach to improving your EVS operations.

The unique integration of internet-hosted housekeeping automation with real-time reporting empowers your department to target bottlenecks and increase productivity, having a positive impact on your facility's bottom line.

*"We thought that an automated bed cleaning system and quality improvement workflow process was beyond our affordability. FTG's solution was easy and painless to implement and immediately focused our attention on areas of improvement."*

**-Glenn Spradlin, Director of Facilities Management, North Austin Medical Center**

## Manual-to-Automated Solution

Is your EVS department still using a manual tracking method to clean beds? SiteFM™ EVS Manager is your solution.

EVS Manager cost-effectively automates your EVS operations, without the hefty expense of a complicated patient-tracking system. EVS Manager focuses specifically on the EVS department, enabling EVS professionals to benefit from savvy technology at a lower cost.

For mere dollars per day, EVS Professionals will have access to a web-based bed board that automates cleaning, tracking and reporting - WITHOUT the cost or complexity of a hospital-wide installation.

As a Software-as-a-Service (SAAS) application, there are no software/hardware downloads yet include an unlimited number of users. FTG offers a contract that is 'month-to-month', making it easy for a facility get started quickly.

In challenging economic times, EVS Manager is easy to purchase, easy to install and easy to use.
